

Redding Electric Utility

777 Cypress Avenue

Redding, CA 96001

(530) 339-7351

www.reupower.com

REU has been providing safe, reliable energy to our community since 1921. REU is locally-owned by its community and locally-controlled by the Redding City Council. Local control and essential relationships with other electric utility organizations has enabled REU to provide some of the lowest, most competitive rates to more than 42,000 residential and business customers within the City of Redding.
