

Member Services

The NCPA Member Services Program provides a forum for the exchange of information and implementation of member joint action activities.

Key objectives included in this program area includes:

Coordinating and assisting NCPA members with systematic collection of information and development of comprehensive reports to address pending policy issues such as energy efficiency, renewable energy, and carbon emission reductions. Programmatic support to ensure the agency and its members fulfill California Energy Commission reporting requirements under Senate Bill 1037 and Assembly Bill AB2021. Providing staff support to the NCPA Public Benefits Committee, and providing expertise and staff support in the administration of public benefits programs.
